 IDPs in mountain settlements are entitled to a 20% increase in pensions, scholarships and other types of state financial support

Oversight measures taken by the Commission regarding the legitimate and effective spending of budget funds

The Commission's response measures to situations that may contain elements of a crime, in particular regarding the possible embezzlement of budget funds by officials of the Lysychansk City Military Administration of Luhansk Oblast during the purchase of a facility for temporary residence of IDPs in Kirovohrad Oblast.

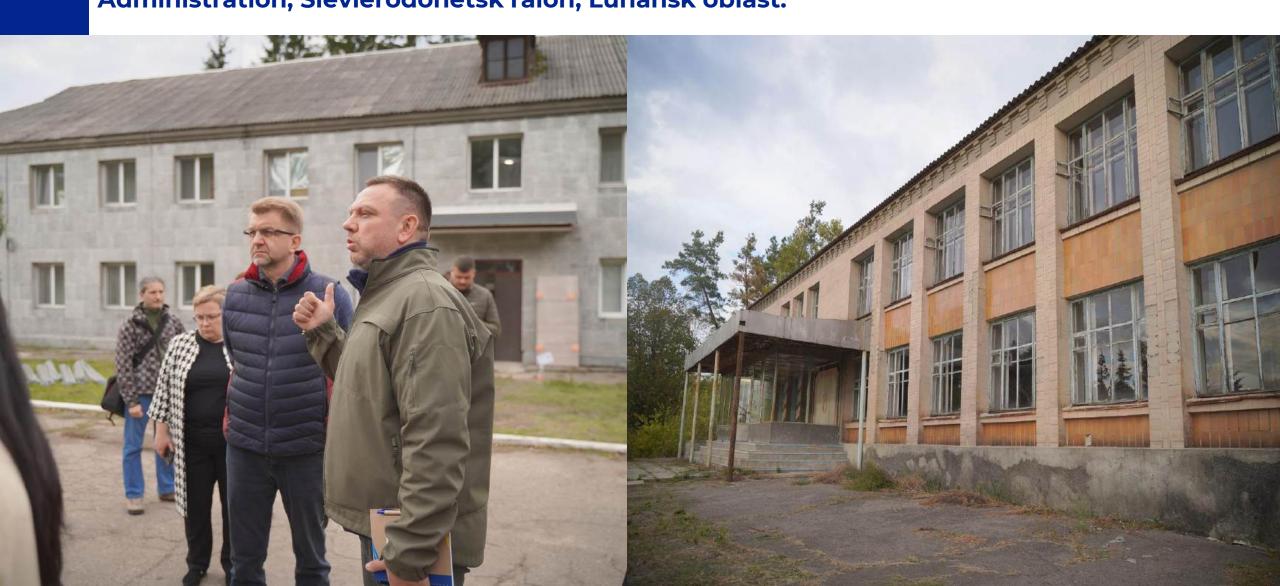

Thus, the Lysychansk City Military Administration (CMA) spent UAH 72 million on the purchase and renovation of the Druzhba children's camp to provide housing for hundreds of displaced persons. However, at the time of the Commission's offsite meeting (October 15, 2024), there were just 69 residents there (and in fact, on paper only); most of the premises need repair, heating is not connected, and the roads at the entrance to the camp are broken, which further complicates access.

- The Head of the Luhansk Oblast Military Administration (OMA) must take personal control of the implementation of the provisions of the Oblast Comprehensive Targeted Program for IDP Support on addressing the housing problem of IDPs and the spending of budget funds of the oblast, raion and city military administrations for these purposes.
- The Prime Minister of Ukraine is asked to instruct the heads of the OMAs
 to revisit oblast IDP support programs and strengthen control over the
 effectiveness of budget expenditures and prevent non-competitive and
 questionable spending of budget funds, where the average cost of
 housing per one IDP significantly exceeds the average cost of equivalent
 housing on the market in the settlements concerned.
- The Director of NABU and the Head of the SAPO must pay attention to the need to conduct an objective and impartial pre-trial investigation, complete it within a reasonable timeframe and fulfill the objectives of the criminal proceedings established by Article 2 of the Code of Criminal Procedure of Ukraine, as well as to ensure a prompt, complete and impartial investigation and trial.
- The Head of the Kirovohrad OMA must consider allocating funds for the repair and proper arrangement of the Oleksandriia Voinivka motorway.

The pre-trial investigation is underway.

The President of Ukraine issued Order No. 97/2024-rp dated September 05, 2024, dismissing V. Shybik from the position of Head of the Lysychansk City Military Administration, Sievierodonetsk raion, Luhansk oblast.

Parliamentary-Municipal Forum-Dialogue "Housing for Internally Displaced Persons"

May 15-17, 2024, v. Turya Pasika, Zakarpattia oblast

The forum's panels:

- Updating the legislation to provide housing for internally displaced persons;
- Dialogue with municipalities: ensuring internally displaced persons' access to housing;
- Financial and credit mechanisms as a tool for implementing the internally displaced persons' right to housing;
- Implementation of housing projects by Ukraine's international partners.

Conference "Cash Assistance for Internally Displaced Persons"

June 17, 2024, Kyiv

A Joint Statement was issued by Pavlo Frolov, Head of the Commission, and Marga Ledo, Co-Chair of the Ukraine Cash Working Group. The conference brought together various stakeholder groups to discuss the current state and challenges of cash assistance to IDPs, engage stakeholders in the decision-making process, and promote the alignment of international assistance and domestic fiscal policies to maximize the impact on IDP support.

The need for coordination, information exchange and other steps to increase the efficiency of provision of financial assistance by the state, local governments and international humanitarian organizations as well as other providers of such assistance to IDPs and other Ukrainians affected by the Russian aggression was agreed upon, aiming at increasing the efficiency of use of limited resources, optimizing the targeting of its provision to the most vulnerable categories of affected Ukrainians, and preventing its duplication.

- development of bilateral (between the state and humanitarian organizations) mechanisms for redirecting applicants to humanitarian and social protection programs;
- strengthening coordination by introducing special government coordinators to enhance active cooperation;
- making amendments to the legislation to exempt humanitarian aid from taxation;
- verification of information on persons applying for financial assistance to international and national humanitarian organizations for compliance with the established criteria and conditions for providing such assistance, as well as for the purpose of provision of the relevant state bodies of Ukraine with an aggregated list of recipients of such assistance and its amounts from international and national humanitarian organizations

Parliamentary-Public Forum-Dialogue "Strengthening the Protection of the Rights of IDPs"

The topics of the forum were the development of a system of social services for IDPs and facilitation of their employment, the participation of IDPs in decision-making at national and local levels, as well as further steps towards inspecting real estate with a view to IDPs' needs.

Based on its results:

- The Government was asked to ensure the development and approval of the State Employment Policy with a special focus on persons affected by the armed aggression of the Russian Federation.
- The Government was asked to ensure the development and approval of the Strategy for the Development of the Social Services System in Ukraine and the Action Plan for its implementation
- The participants appealed to the President of Ukraine with a request to sign Law No. 7283, which was adopted as a whole and whose provisions define IDPs as residents of hromadas (communities), thus providing them with the opportunity to use all the tools of local democracy.
- A draft new version of the Law of Ukraine "On Ensuring the Rights and Freedoms of Internally Displaced Persons" was presented and provided to a wide range of stakeholders for discussion.

The Commission's Working Group on Providing Housing for Internally Displaced Persons, headed by Maksym Tkachenko, MP of Ukraine, member of the Commission

- Dozens of monitoring visits to places of temporary residence of IDPs in various communities of Ukraine
- Advocacy at the central, regional, and local levels for the rights of persons living in places of temporary residence
- Real protection of IDPs' rights

Offsite meetings of the Commission

5 offsite meetings in:

- v. Turya Pasika, Zakarpattia oblast
- Dnipro
- Odesa
- Khmelnitskyi
- v. Voinivka, Pryiutiv settlement hromada, Oleksandriia raion, Kirovohrad oblast

Commission's decisions on places of temporary residence:

The Prime Minister of Ukraine was asked to:

Entrust heads of OMAs with:

- forming housing funds for temporary residence of IDPs, mapping them
- conducting an inventory of real estate objects, providing IDPs with affordable housing having regard to the needs, capabilities and vulnerability criteria
- determining a reserve of places for the accommodation of evacuated IDPs
- conducting comprehensive monitoring of all temporary residence places (TRPs), including those not included in the list of TRPs in accordance with CMU Resolution No. 930, and based on the results, increasing the level of accessibility of healthcare, educational and social services
- implementing programs for reimbursement of interest on housing loans for IDPs

ТИМЧАСОВА СПЕЦІАЛЬНА КОМІСІЯ ВЕРХОВНОЇ РАДИ УКРАЇНИ

з питань захисту майнових та немайнових прав внутрішньо переміщених та інших осіб, постраждалих внаслідок збройної агресії Російської Федерації проти України

вул М. Грушавського. 5. м. Київ. 01008. www.rada.gov.ua

04 грудня 2024 року

РІШЕННЯ

Про захист житлових прав мешканців місць тимчасового проживання для внутрішньо переміщених осіб

Тимчасова спеціальна комісія Верховної Ради України з питань захисту майнових та немайнових прав внутрішньо переміщених та інших осіб, постраждалих внаслідок збройної агресії Російської Федерації проти України (далі — Комісія) продовжує свою діяльність з удосконалення чинного законодаветва та державної політики щодо захисту прав, в т.ч. житлових, офіційно заресстрованих 4,6 мільйонів внутрішньо переміщених осіб для належного задоволення їх потреб та інтеграції у громади.

- За результатами виїзних засідань Комісії, Робочої групи Комісії щодо шляхів вирішення проблеми забезпечення внутрішньо переміщених осіб житлом, отповорень питань та відвідування місць тимчасового проживання для внутрішньо переміщених осіб під час Парламентсько-громадського Форуму "Посилення захисту прав внутрішньо переміщених осіб" у Хмельницькій області Комісія в и р і ш и л а:
- Звернутися до Прем'єр-міністра України з пропозицією надати доручення обласним, Київській міським державним (військовим) адміністраціям:
- 1.1. посилити роботу щодо формування фондів житла для тимчасового проживання внутрішньо переміщених осіб, проведення інвентаризації об'єктів нерухомості та визначення наявних приміщень, що можуть бути приведені до придатного для проживання стану, а також забезпечення внутрішньо переміщених осіб доступним житлом з урахування потреб, спроможностей та критеріїв вразливості, в т.ч. з використанням механізмів державно приватного партнерства;
- 1.2. визначити резерв місць тимчасового проживання (вільних ліжко-місць) для розміщення евакуйованих внутрішньо переміщених осіб, в т.ч. осіб з інвалідністю та інших маломобільних груп населення, а також довести кількість ліжко-місць та приміщень резерву до військових адміністрацій тих областей, звідки здійснюється евакуація;

Entrust Ministries and central executive bodies with:

- establishing in each oblast the share of TRPs and the share of the number of places in temporary residence facilities that will be comprehensively adapted for the placement of low-mobility groups of population and determining the list of such TRPs
- Introducing the principle of application-based placement of persons with disabilities and other low-mobility groups of the population in such TRPs
- extending the deadline for bringing temporary residence places into compliance with the requirements until at least June 1, 2025
- shortening the timeframe for providing compensation for consumed utility services and reducing budget arrears for its provision
- Introducing compensation for housing and operational services provided in the TRPs' premises

Measures to support Ukrainians staying abroad in connection with the Russian aggression

The number of citizens of Ukraine staying abroad is **7.7 mln** persons, of whom **5,3 mln**, or **69%** are in European Union Member States.

In its decision, the Commission appealed to the Prime Minister of Ukraine for:

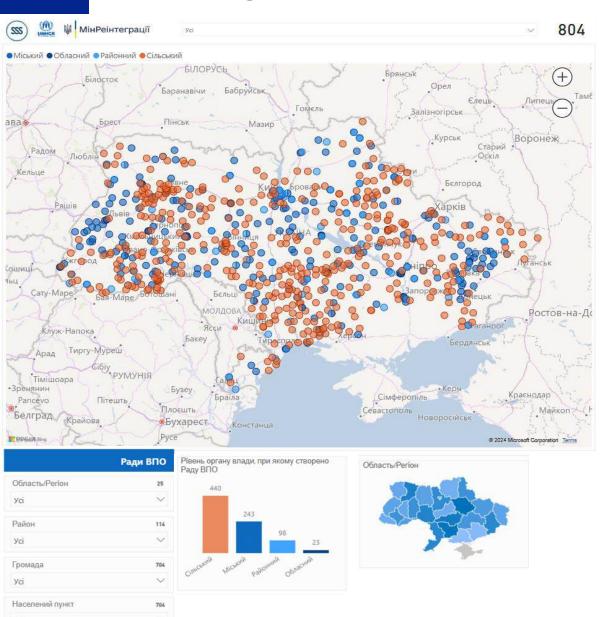

- increasing the number of consular officials in foreign diplomatic institutions of Ukraine in countries with the largest number of displaced Ukrainians;
- improving the mechanism for financing services of registration and production of passport documents, as well as introducing digitalization and automation of consular services;
- developing a Strategy for the return to Ukraine of Ukrainians currently staying abroad, as well as maintaining ties with Ukraine for those Ukrainians who will remain abroad;
- opening educational institutions abroad, including Ukrainian Saturday and Sunday schools, with a Ukrainian curriculum, and providing them with the necessary educational materials;
- abolishing the need for conscripts under 25 years of age staying abroad to personally visit the TRC for military registration to be admitted to a Ukrainian higher education institution.

State of implementation of the right to education of IDPs, Ukrainian children and youth staying in TOTs

More than 44,000 children in TOTs continue receiving Ukrainian education

- the provisions of the Ministry of Education and Science Order No. 850
 were generally recognized as unacceptable; the need for mandatory
 consultations with the public, expert community, local self-government
 bodies, educators, and other interested parties was emphasized;
- urgent filling of the remote learning web platform "All-Ukrainian Online School" with video lessons for obtaining education in all curricula, topics, subjects and all classes is required;
- focus on continuity of the educational process in the TOTs in accordance with Ukrainian standards, restoration of the Ukrainian education system in the deoccupied territories;
- the staff of the Ministry of Education must be strengthened, in particular, a specialized Deputy Minister in charge of education of children affected by the Russian aggression should be appointed.

Promoting the activities and development of IDP COUNCILS

In Ukraine, about **1.000 IDP Councils** have been created and operate.

IDP councils should play a key role in the protection of the rights of IDPs themselves

- the work of IDP Councils should be supported at the central, regional and local levels;
- voluntary creation of IDP Councils must be ensured;
- IDP Councils must be provided with premises for holding meetings and with the necessary equipment;
- provisions on IDP Councils should be enshrined in a dedicated Law;
- IDP Councils must be represented at the national level by displaced persons themselves rather than by officials;
- proposals of the IDP Councils must necessarily be taken into account by military administrations and local self-government bodies;
- a nationwide interactive map with data on the activities of all IDP Councils must be launched.

Promoting the adoption of Law No. 4071-IX "On Record-Keeping of Persons whose Life and Health Have Been Harmed as a Result of the Armed Aggression of the Russian Federation against Ukraine" (draft law 10256)

- urgent launch of a national register of Ukrainians whose lives and health were harmed, recording the damage caused to legal entities as well as to movable property, and maximum preservation of relevant evidence;
- creation of a consolidated system for managing databases of affected persons, to be synchronized with the International Register of Damages;
- recording, at medical institutions, of mine and explosive injuries and other health damage suffered by civilians as a result of the Russian aggression;
- the Government is to submit to Parliament for consideration a draft law on extending the mechanism for paying compensation for housing destroyed by the Russian aggression, starting from 2014.

Protection of Ukrainians staying in TOT

The Commission initiated the determination of the volume of destroyed housing in the temporarily occupied territories of Ukraine and housing to which Ukrainians were deprived of access by the invaders, in order to clarify the tentative financial resources to be allocated for compensation for these objects.

The program of compensation for destroyed housing is not operating in the TOT, which is exceedingly unfair. The only exception is the experiment in Melitopol to establish the fact of complete destruction of housing and assign compensation under this program, which is to be gradually extended to the entire TOT.

For undestroyed and undamaged housing which was simply taken away from many Ukrainians by the invaders, there is still no legal mechanism, recognized by international organizations, for compensation, sources of funding, and procedure for waiving ownership rights in favor of the state of Ukraine.

According to the Commission's decision:

- all oblast military administrations with occupied territories should organize the collection, assessment and generalization of information on destroyed and damaged housing, the approximate amount of damage and the TOT area;
- the Government is asked to collect, verify, generalize data, make calculations for more substantive and reasoned negotiations with Western partners, foreign states and international organizations on the development of potential solutions and sources of financing for such payments;
- ways should be found to conduct a survey among Ukrainians to identify those who are ready to give up their housing that survived the occupation, for the purpose of assessing its value.

Regular parliamentary oversight of the activities of Ministries, other central executive bodies, oblast and other raion (local) military administrations and local self-government bodies in meeting the needs of internally displaced persons and the effectiveness of spending budget funds for these purposes

Oversight is performed directly in areas where bodies of power operate, in 14 oblasts:

Ivano-Frankivsk, Lviv, Zakarpattia, Donetsk, Luhansk, Dnipropetrovsk, Zaporizhzhia, Odesa, Mykolaiv, Kherson, Khmelnytskyi, Ternopil, Chernivtsi and Vinnytsia. Based on the results of reviewing the state of fulfillment in 2023-2025 by Ministries and other central executive bodies of the Operational Plan of Measures for the Implementation of the State Policy Strategy on Internal Displacement for the Period until 2025:

- The work of government structures was recognized as insufficient;
- ❖ The Government was asked to update the provisions of the Strategy taking into account the current situation and the main needs of IDPs; and the central and local executive authorities, local self-government bodies, to urgently take action to implement the specified tasks and measures.

Amendments to the Operational Plan and to the Strategy itself have not been made yet.

Tasks being monitored by the Commission:

- development of programs to provide social housing for IDPs, including through the purchase of housing on the secondary market and the formation of appropriate funds;
- creation of an electronic office for IDPs;
- introduction of preferential loans for education for IDPs and preferential rental rates to arrange dormitories for temporary residence of IDPs;
- creation of opportunities to submit applications for compensation for damaged or destroyed housing in the period before the beginning of full-scale aggression (2014 – 24.02.2022);
- operation of call centers (hotlines) to provide IDPs with up-to-date information.

Commission's decision of June 19, 2024:

to support the idea of establishing and starting the operation of the **Housing Institute**, initiated by the NRC with the support of UNHCR, as the main analytical center in the field of housing policy in Ukraine, which will provide assistance to the Cabinet of Ministers of Ukraine. other bodies of state power and local self-government bodies in developing strategies, programs, projects, normative legal acts, as well as in forming knowledge and skills, organizing events and other activities in the field of housing, having regard to the Ukrainian and international context.
